

Eric O'Callaghan

Philadelphia, PA
eric@ericoc.com

CERTIFICATIONS

- CompTIA Security+, Network+, and Linux+
- Hurricane Electric IPv6 Sage
- Cisco Certified Entry Networking Technician (CCENT)

BACKGROUND

- Regularly enjoy learning and playing with new things to further my own technical knowledge
- Self-taught HTML, CSS, PHP, MySQL, Bash, Ansible, and very familiar with Python as well as Perl
- Experience using and configuring many Linux network services such as httpd (Apache), Zabbix, nginx, lighttpd, iptables, ntpd, mysqld, bind/named, pptpd, openvpn, postfix, vsftpd, and sshd
- Worked with both Cisco Systems routing and switching equipment and very comfortable with the Cisco Internetwork Operating System (IOS)

EXPERIENCE

Comcast Corporation

Philadelphia, PA

Linux Engineer (Splunk)

April 2016 - Present

- Perform configuration management using Ansible for servers used in one of the top five largest Splunk installations in the world

Sidocar

Philadelphia, PA

Linux Systems Administrator

November 2013 - April 2016

- Primary duties included response to any infrastructure issues as well as decision-making for all server modifications
- Responsible for maintaining multiple separate database environments that each included replication configurations between co-located hardware and Amazon Web Services (AWS)

URBN, Inc

Philadelphia, PA

Linux Systems Administrator

September 2012 - November 2013

- Worked with a team to deploy, configure, manage, and maintain servers responsible for hosting UrbanOutfitters.com as well as Anthropologie.com
- Participated in an 24/7 on-call rotation responsible for maintaining any and all operational aspects of the e-commerce infrastructure for the above two websites

Linode, LLC

Galloway, NJ

Linux Technical Support

July 2010 - August 2012

- Provided quick and helpful technical support to a significant number of customers via telephone, e-mail, and support tickets which involved troubleshooting a wide variety of issues including routing inconsistencies between numerous transit providers across the world

Patient Advocate Foundation

Newport News, VA

IT Intern

March - April 2010

- Created multiple, interactive web applications using PHP and MySQL which eased the management of data for both the Lead Web Developer and Human Resources department
