

# Eric O'Callaghan

Philadelphia, PA  
(757) 742-3742  
[eric@ericoc.com](mailto:eric@ericoc.com)

## CERTIFICATIONS

- Ø CompTIA Security+, Network+, and Linux+
- Ø Hurricane Electric IPv6 Sage
- Ø Cisco Certified Entry Networking Technician (CCENT)

## BACKGROUND

- Ø Regularly enjoy learning and playing with new things to further my own personal, technical knowledge
- Ø Self-taught HTML, CSS, PHP, MySQL, Bash, and very familiar with Python as well as Perl
- Ø Experience using and configuring many Linux network services such as httpd (Apache), iptables, lighttpd, ntpd, mysqld, bind/named, pptpd, openvpn, postfix, proftpd, vsftpd, puppet, and sshd
- Ø Worked with both Cisco Systems routing and switching equipment and very familiar with Cisco's Internetwork Operating System (IOS); working towards gaining Cisco Certified Network Associate (CCNA) certification

## EXPERIENCE

Sidecar  
Linux Systems Administrator  
Ø Awesomeness!

Philadelphia, PA  
November 2013 - Present

URBN, Inc  
Linux Systems Administrator

Philadelphia, PA  
September 2012 - November 2013  
Ø Working with a team to deploy, configure, manage, and maintain servers responsible for hosting UrbanOutfitters.com as well as Anthropologie.com  
Ø Participate in an 24/7 on-call rotation responsible for maintaining any and all operational aspects of the e-commerce infrastructure for the above two websites

Linux Technical Support  
Linode, LLC

Galloway, NJ  
July 2010 - August 2012  
Ø Provided quick and helpful technical support to a significant number of customers via telephone, e-mail, and support tickets which involved troubleshooting a wide variety of issues including routing inconsistencies between numerous transit providers across the world

IT Intern  
Patient Advocate Foundation

Newport News, VA  
March - April 2010  
Ø Created multiple, interactive web applications using PHP and MySQL which eased the management of data for both the Lead Web Developer and Human Resources department

Office Automation Clerk  
Directorate of Information Management

Fort Eustis, VA  
June - September 2008  
Ø Introduced to a large network, spanning the military installation, which required routine installation, maintenance, and configuration of Cisco equipment
